THE MCCOY-EZEKIEL-BROWN COLLECTIONS.

The Elder Coin & Curio Company takes pleasure in offering with this catalogue its largest, and in some respects its most notable sale in years. In this catalogue will be found 2800 varied lots of all classes of Coins, Medals, Tokens and Paper Money. Only brief note can be made here of the wonderful McCoy Collection of Political Medals and Tokens, the finest and largest ever offered for sale. It contains many pieces of highest rarity from Benjamin Franklin to William McKinley. The Ezekiel Collection is rich in Jewish Coins, Medals and Tokens, Ohio War Tokens, etc. The Brown Collection of U. S. Cents and Half Cents is very fine and large. The catalogue contains probably 500 lots of U. S. Cents and 150 lots of Half Cents. The sale also has several hundred lots of United States and Foreign Gold Coins, Bechtler Gold, California Gold and the regular series, as well as a fine line of United States and Foreign Silver, including ancient. There are many fine and rare medals, war service medals and others pertinent to the present world situation. Some lots of choice Gems, Chinese Jade, Miniatures, Cameos, Cut Stones, Indian Stone Relics and various large lots are added, making this a sale long to be remembered.

Make out your bids plainly. Be sure to sign your full name and address to your bid sheet. We receive bid sheets for every sale with no name signed to them, the bidder of course losing his bids. We also ask all those who have not done so to **please read the terms of sale**, as set forth in the fore part of the catalogue. This is not an approval sale of coins, as several unposted collectors may imagine.

A beautiful plate catalogue showing the best pieces, $2.00.

Printed prices realized $1.25.

Trusting to receive a generous lot of bids in plenty of time for the sale, and to meet mail delays, etc., we are

CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at **so much per PIECE**, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in the lot and you wish to pay $5.00 for the entire lot, then bid $1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing and shipping, but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

Printed price catalogue of this sale for $1.25 cash in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer. THOMAS L. ELDER.

THE NOTED RAMSEY McCOY COLLECTION OF AMERICAN POLITICAL MEDALS AND TOKENS.

The Finest Collection of Its Kind Ever Offered For Sale.

Note.—This wonderful collection was the result of the life-time efforts of Ramsey McCoy, who with his brother John F. McCoy, formed the finest collection of political medals and tokens, sparing no effort or expense to make it as complete as possible. It is now offered for absolute sale to the American collectors. The pieces are practically all in the finest condition obtainable. That is, uncirculated.

Important Notice.—Some collectors get the idea that because a medal or token is pierced that it is mutilated and unfit for their cabinets. As a matter of fact most of the tokens issued were pierced when made, as many were intended to be worn on coat lapels in processions. Those unpierced were struck for collectors. There should be no objection whatsoever to a pierced token when most of them were so made and issued.
